

Hints and features:

- The Alliance 372 is an IF tyre for high-performance tractors from approx. 220 hp
- Its extremely flexible sidewalls enable it to carry up to 20% more load capacity at the same inflation pressure or the same load capacity at 20% lower inflation pressure compared with a standard tyre
- The larger contact area provides excellent traction and consequently reduced fuel costs
- At the same time, soil compaction is reduced and the soil optimally protected
- The R-1W tread pattern ensures excellent grip and a long service life
- The tyre can be used for cyclic field operation (CFO) on harvesters
