Hints and features:

- The Nokian Tractor King is a tractor tyre for heavy machines on rough terrain, in forestry and earthmoving applications and on building sites
- Due to the strong steel belted casing and the robust sidewall, the tyre is protected against damages and premature wear
- Its big contact area and the innovative tread pattern with a high number of traction edges guarantee good traction on any surface
- Stone ejectors prevent damage caused by the penetration of stones and thus ensure a long service life for the tyre
- The tyre can be fitted with spikes and driven with tyre chains
- It provides high loading capacities at speeds up to 65 km/h
