

## Hints and features:

- The Alliance 398 is a POR (Professional Off Road) tyre for use on agri-trucks in all weather and soil conditions
- It is suitable for field applications as well as for road transport at speeds up to 100 km/h
- In field use, the traction tread pattern provides very good self-cleaning properties, high traction and low soil compaction
- The all-steel casing with 4 steel belt inserts guarantees excellent stability and a long service life
- During road transport, the tyre stands out with low temperature development, low vibration and low noise
- For road use with speeds of 100 km/h, the inflation pressure must be increased according to the manufacturer's inflation table
- The tyre is also suited to forestry applications and can be used in wood chip production and in the construction and maintenance of forest paths
- Use with a tyre pressure control system is possible
- The tyre is very compatible with the Alligator tyre management
