#### Hints and features:

- The Nokian TR Forest 2 is a bias tyre for small and medium tractors in forestry application
- Its strong bias casing, the special forestry compound and reinforced tyre shoulders provide reliable protection against damages from stones, limbs and tree stumps
- The special casing construction compensates vibrations and impacts and enables good driving stability
- Its tread pattern with additional lug grooves evacuates mud and provides good self-cleaning and traction
- Intermediate studs between the lugs break up clay and intensify traction on particularly wet and soft ground
