Hints and features:

- The Nokian Excavator is a special tyre for use on excavators
- Its open tractor pattern with angled lugs and a reinforced tread centre provides excellent grip on wet and muddy soil
- Thanks to the steel reinforcement and strong tyre shoulder, the tyre is perfectly protected against damages caused by stones or tree stumps
- The tyre offers high loading capacities with low surface pressure and is therefore particularly suitable for parks and green areas
- On the road, it impresses through its low vibration with very pleasant driving behaviour
